

Property Maintenance Declaration Instructions

Local Program Administrators (LPAs) must follow these procedures to complete Property Maintenance Declaration forms for assisted buildings. These instructions apply to Access to Home, Access to Home for Medicaid, and Access to Home for Veterans and RESTORE.

The Local Program Administrator is responsible for obtaining and filing a Declaration for each property assisted. It is important to ensure that program participants are aware of the maintenance responsibilities and the Declaration requirement early in the project development process. LPAs must ensure that this requirement is clearly stated in the documents and/or agreements executed with property owners.

The maintenance term, or regulatory period, must be calculated from the date of Project Completion. The date of Project Completion is the date of the final inspection and approval by the LPA and the client. The LPA must use this date to calculate the termination date specified on the Declaration form. If the final inspection report is not formally documented or available in the LPA files, the maintenance term will begin on the date of final disbursement of funds. Please consult OCR program staff to confirm this date. Please refer to the appropriate program manual for additional guidance related to the Declaration.

I. Property Maintenance Declaration Form

For projects receiving funds, the property owner must execute a Declaration. The Declaration must be signed, notarized and filed in the County Clerk's office in the county in which the assisted property is located, or the Office of the City Register for projects located in New York City. The LPA and Property Owner are both parties to the agreement and the form must be signed and notarized for both the LPA and the Property Owner.

II. Release of Declaration

In the event that a property is no longer compliant with the terms of the Declaration and funds are returned to the LPA to be returned to the Housing Trust Fund Corporation, a Release of Declaration should be provided to remove the maintenance responsibilities attached to the Declaration. The release can be obtained by contacting the OCR program staff upon return of funds to the HTFC.
