3. **Overview of the Housing Trust Fund Corporation**

The [Housing Trust Fund Corporation](https://hcr.ny.gov) was established in 1985, under §45-a of the State’s Private Housing Finance Law, as a subsidiary public benefit corporation of the New York State Housing Finance Agency. HTFC’s mission is to further community development through the construction, development, revitalization and preservation of low-income housing, the development and preservation of businesses, the creation of job opportunities, and the development of public infrastructures and facilities.

The [Fair and Equitable Housing Office](https://hcr.ny.gov) (“FEHO”) provides guidance to internal and external stakeholders on best practices and procedures to comply with, and affirmatively further, fair housing in the State. As part of this work, FEHO is spearheading the Assessment of Fair Housing (“AFH”) /Analysis of Impediments to Fair Housing (“AI”) report (hereinafter referred to as the “Report”) to the U.S. Department of Housing and Urban Development (“HUD”).

For further information regarding HCR’s programs, visit our website at [http://hcr.ny.gov](http://hcr.ny.gov).
4. **Scope of Services (“Scope of Work”)**

This section includes the overall responsibilities of the successful Bidder (“Consultant”). FEHO will draft the Report and will be using information provided by the Consultant for the Public Engagement component as input to the Report.

### 4.1 Public Engagement Deliverables

FEHO is committed to fostering a statewide dialogue on the policies, regulations and practices related to fair housing and the barriers experienced by different individuals and communities to housing. The Public Engagement component of the Report is critical to creating a meaningful examination of barriers to housing and opportunity. As such, the Consultant’s deliverables will be the following:

a) **PUBLIC PARTICIPATION PLAN.** Within one (1) month of the effective date of the contract, the Consultant must finalize a Public Engagement Plan (“PEP”) with FEHO staff. A preliminary PEP is available and must be updated. The PEP includes the three (3) elements listed below: (a) Public Meetings, (b) Stakeholder Interviews and (c) a Community Survey (each a “Public Participation Event”). A final PEP will include a deadline of deliverables, dates and locations of regional Public Meetings and interviews, media and outreach plans, and updated lists of internal and external stakeholders to be invited. The PEP is flexible and dynamic but must be robust.

b) **PUBLIC MEETINGS.** The Consultant will organize and facilitate five (5) to seven (7) in-person regional Public Meetings and two (2) WebEx/call-in Public Meetings. The locations of the Regional Public Meetings shall be determined in consultation with FEHO. The Consultant will make a brief presentation on the AFH/AI process and fair housing background and will create time and space for dialogue and listening on fair housing issues concerning participants. The Consultant will facilitate the conversation with prompts and interactive activities approved by FEHO. For each of these Public Meetings, the Consultant will be responsible for the media outreach, invitations/outreach, event management, technology, accessibility, materials/presentations and the recordkeeping/reporting, all as explained in Section 4.2 below. These Public Meetings and relevant reports shall be completed by March 15, 2020.

c) **STAKEHOLDER INTERVIEWS.** The Consultant will organize and conduct 10 in-person interviews with fair housing stakeholders throughout New York State with the purpose of obtaining individualized feedback on fair housing concerns for varying groups of stakeholders. For each of these interviews, the Consultant will be responsible for the invitations/outreach, event management, technology, accessibility, materials and the recordkeeping/reporting, all as further explained in Section 4.2. below. These interviews and relevant reports shall be completed by March 15, 2020.

d) **COMMUNITY SURVEY.** The Consultant will update and disseminate a Community Survey on Fair Housing and Housing Discrimination to be completed by a broad range of New York
residents and organizations. In addition to formulating the Community Survey, the Consultant will be responsible for the invitations/outreach, technology, accessibility and recordkeeping/reporting with respect to this deliverable, all as further explained in Section 4.2 below. The Community Survey must be translated into Spanish, Chinese, Russian, Haitian Creole, Bengali and Korean. The Consultant will then compile and summarize the results and generate it into a report that will be reviewed with FEHO. The Survey shall be released within a month and a half from the effective date of the contract, and results/reporting shall be completed by March 15, 2020.

4.2 General Responsibilities

As part of the deliverables listed in Section 4.1 above, the Consultant will be responsible for the provision of the following tasks:

a) Outreach and Invitations.

The Consultant will invite and otherwise engage a broad range of stakeholders involved with, and/or affected by, fair and affordable housing issues in the Public Participation component of the AFH/AI process. These include local residents, fair housing organizations and advocates, developers, public housing authorities, municipal officers and local government agencies, Section 8 program administrators, community advocacy and support organizations, legal services organizations, faith-based organizations and recipients of CDBG and HOME funding. Particular attention should be paid to targeting those populations who are less likely to engage due to barriers and other considerations, including individuals with disabilities, foreign language speakers and other minority populations.

As part of this responsibility, the Consultant will:

- Update regional stakeholder list;
- Create and distribute invitations to each of the invitees including flyers translated into Spanish, Bengali, Chinese, Haitian Creole, Korean, and Russian, or other languages as necessary appropriate for the area, that can be posted and distributed by the invitees either on social media, email or by physical posting;
- Manage all invitations, track RSVPs and conduct appropriate follow-up, which may include individual calls; and
- Coordinate concerns and requests with regard to transportation, translation, accessibility, and technological capabilities.

b) Media Outreach.

For each Public Meeting, the Consultant will secure media outlets to notify the public of upcoming Public Meetings. Particular attention should be paid to targeting those populations
who are less likely to engage due to barriers and other considerations, including individuals with disabilities, foreign language speakers and other minority populations.

For each Public Meeting, Media Outreach includes, but is not limited to:

- Securing a placement notice of upcoming Public Meetings in at least three (3) local newspapers, and at least two (2) local radio stations or news channels to run for at least three (3) weeks before that Public Meeting;
- Placement notices in these media outlets should include information in other languages, as appropriate, and include information about accessibility and translation services;
- Placement notices of upcoming events in social media and local community/municipal calendars;
- Tracking the response rate from each ad and the population of those who responded (the Consultant should ask each attendee how they heard about the Public Meeting/interview); and
- Providing and staffing a telephone hotline and email address for interested parties to get more information about upcoming Public Meeting in their region.

c) Event Management.

The Consultant will coordinate and facilitate each Public Participation Event, including:

- Securing the location of the event with a backup location and time in case of inclement weather;
- Setting up and breaking down the event;
- Ensuring that necessary accessibility and translation services are available;
- Presenting and facilitating the discussion at the event; and
- Tracking attendance and time management to ensure event begins and ends on time.

d) Technology

The Consultant will be responsible for setting up and coordinating all technology to record and facilitate the Public Participation Events. This includes, but may not be limited to:

- Securing access to computers/TV monitors for PowerPoint presentations;
- Establishing and providing call-in numbers for each Public Meeting and interview;
- Setting up WebEx/streaming capabilities for each WebEx Public Meeting;
- Securing microphone access where necessary;
• Video recording and audio recording Public Meetings; and
• Live streaming of all Public Meetings.

e) **Accessibility**

The Consultant is responsible for ensuring accessibility to each location, particularly for individuals with disabilities. Additionally, there must be access to language translation services, and effective communication methods for individuals with hearing and/or vision impairments, as necessary, at each Public Participation Event.

f) **Materials and Presentations**

The Consultant will develop materials to present at each Public Participation Event and to make materials available on HCR’s website. The materials and presentation must be approved by FEHO, and should include:

- An agenda for each Public Participation Event;
- The purpose of the Public Participation Event and background on fair housing;
- Discussion questions, talking points and visuals that will help participants to express their views on availability of, and impediments to, fair housing; and
- Contacts from the Consultant where participants can ask additional questions or provide additional comments.

g) **Recordkeeping/Reports**

The Consultant will take all notes from each Public Participation Event to generate a report. These reports will be reviewed with FEHO and used in HCR’s Report. The Consultant will also follow up as necessary with participants to further discuss any issues deemed important and include these responses in a report.

Reports should include, but may not be limited to, the following items:

- A summary of the Public Participation Event and all comments made by participants at the event;
- List of all participants to each Public Participation Event and who they represent (the purpose of the organization);
- Demographics of attendees including individuals with disabilities;
- Identification of the geographic area each participant represented;
- Whether comments were made by a variety of attendees or a specific few participants and identification of the demographic they represent; and
• If participation was low, the factors that led to low participation.

4.3 Deliverable Expectations

Upon HTFC’s award of a contract resulting from this RFB process and within 10 business days of execution of the contract (“Agreement”) and prior to beginning the work described herein, the Consultant shall submit to FEHO for approval a Deliverable Expectations Document (“DED”). The purpose of the DED is to ensure that a common understanding exists between FEHO and the Consultant regarding the scope and content (depth and breadth) as well as deadlines of the deliverables prior to beginning the work.

FEHO will review deliverables submitted by the Consultant, accept or reject those deliverables, and provide written comments and/or notices of deficiencies, if any, to the Consultant, within ten (10) business days of receipt. The Consultant shall correct any deficiencies cited by FEHO and resubmit the deliverable for approval within three (3) business days of receipt of FEHO’s notice of deficiencies, unless an extension is requested, in writing, by the Consultant and approved, in writing, by FEHO.

The Consultant shall respond to all FEHO comments and incorporate such response into its resubmission of the deliverable. Full response by the Consultant to FEHO’s comments within three (3) business days will constitute fulfillment of that deliverable, unless FEHO provides, within three (3) business days of receipt of the resubmitted deliverable, notice of a continuing deficiency. If notice of a continuing deficiency is given, FEHO will provide to the Consultant a detailed description of the remaining deficiency(ies). If the Consultant fails to meet all criteria within the timeframes mentioned above, FEHO reserves the right to withhold payment until FEHO is satisfied that all the deliverables have been completed.

As used in this section, the term “continuing deficiency” shall be limited to:

• Inadequate resolution, in the reasonable judgment of FEHO, of the items raised during the previous review by FEHO;
• Issues that were tied to, or created by, the method of resolving previous FEHO comments;
• Items that could not be thoroughly tested or reviewed by FEHO because of an inadequate, incorrect, or incomplete deliverable previously submitted, which was identified as inadequate, incorrect, or incomplete by FEHO’s previous written comments; and/or
• Omissions of parts of a deliverable.

Such reviews and resubmissions shall not be construed as a waiver of: (i) any deliverable or obligation to be performed; (ii) scheduled deliverable date; (iii) rights or remedies provided by law; nor (iv) FEHO comment on any deliverable, nor relieve the Consultant from any obligation or requirement of the Agreement. In the event FEHO fails to review and accept or reject a deliverable within 10 business days of receipt, the Consultant shall notify FEHO of the late response and proceed with performance as if acceptance had been received from FEHO. If, in such
circumstances, FEHO subsequently requires material changes to the deliverable, the parties shall fairly consider and mutually agree to the effect of the untimely rejection or acceptance on the delivery or implementation schedules.

In no event shall the Consultant be entitled to any price increase due to the need to correct deficient deliverables unless such correction results from a change in the deliverable indicated in the Agreement. The Consultant should deliver drafts of deliverables and/or applicable presentations to FEHO thirteen (13) days before it is due in the DED to facilitate FEHO’s review process. Nothing set forth herein with regard to the formal review process for deliverables shall preclude verbal comments by FEHO to the Consultant or its representatives during that process, and those verbal comments may be provided in addition to the formal process set forth herein. The Consultant will make a written request for final and formal acceptance of contract deliverables.
