The subject line of the email should indicate “2021 Section 8 HCV LA Services.”

1. Introduction

[New York State Homes and Community Renewal](#) (“HCR”) consists of all the major housing and community renewal agencies of the State of New York (“State”), including the Housing Trust Fund Corporation (“HTFC” or the “Agency”). HCR includes other agencies (“Affiliates”) not involved in this request for proposals (“RFP”) process.

1.1 Housing Trust Fund Corporation

The [Housing Trust Fund Corporation](#) was established as a subsidiary public benefit corporation of the New York State Housing Finance Agency. HTFC’s mission is to further community development through the construction, development, revitalization and preservation of low-income housing, the development and preservation of businesses, the creation of job opportunities, and the development of public infrastructures and facilities. For further information regarding HTFC and its programs, visit HTFC’s website at <https://hcr.ny.gov/housing-trust-fund-corporation> .

¹ Affiliates means the New York State Division of Housing and Community Renewal, New York State Housing Finance Agency, State of New York Mortgage Agency, New York State Affordable Housing Corporation, State of New York Municipal Bond Bank Agency and Tobacco Settlement Financing Corporation.

1.2 Section 8 Housing Choice Vouchers

Pursuant to the Housing Act of 1937 and subsequent legislation, the U.S. Department of Housing and Urban Development (“HUD”) provides funding to Public Housing Authorities (“PHAs”) through an Annual Contributions Contract (“ACC”) to administer Section 8 Housing Choice Vouchers (“HCVs”). HCVs provide subsidy to very low and extremely low-income households (*referred to as participants or families, even in the case of single-person households*), to assist them in accessing housing in the private sector. HCV subsidy covers the difference between the family’s housing cost, including rent and utilities, and 30 percent of its adjusted gross income.

HTFC is the only PHA that is permitted to administer Section 8 HCVs throughout New York State. Under its HCV program, HTFC makes monthly Housing Assistance Payments (“HAP”) to landlords on behalf of more than 45,000 extremely-low and very-low-income families across the State, providing more than \$500 million in federal HCV subsidies annually.

HTFC has historically delivered HCV services utilizing a community-based network of Local Administrators (“LAs”). Presently, a total of 32 LAs administer the HCV program in 51 counties in the State. LAs are either not-for-profit organizations, local government entities, or private vendors, with one exception - HTFC directly administers HCVs in New York City, primarily utilizing HCR staff based in its downtown Manhattan office.

Each LA employs its own case managers, inspectors, and certified HCV staff who perform day-to-day program functions on behalf of HTFC. The LAs collect, analyze and process the information required to certify tenant eligibility, evaluate Fair Market Rents, calculate rental subsidies, issue vouchers, and verify payments to landlords according to the statewide policies set forth in the [HTFC Administrative Plan](#). Data from the LAs is transmitted to a statewide, HTFC-provided data solution. HTFC receives funding from HUD and performs all HAP financial transactions, including issuing HAP to the landlords. LAs are monitored annually for compliance and receive a Section 8 Management Assistance Program (“SEMAP”) score.

HTFC fully supports 2019 New York State Legislation that prohibits housing discrimination based on lawful Source of Income, including federal Section 8 assistance. HTFC’s objective is to help families seek and obtain quality affordable housing and reach for new opportunities for their families in communities that are diverse, inclusive and accessible.

2. Purpose

HTFC seeks proposals from qualified vendors (“Respondents” or “Bidders” or “Proposers”) as the basis for establishing a prequalified list of LAs for a particular county or group of counties in the State. The successful Respondents will serve as LAs to HTFC in the delivery and administration of the HCV program as summarized above and described both below and in the attached documents.

2.1 Vision Statement

HTFC strives to be among the most innovative and high performing PHAs in the nation, both in terms of regulatory compliance and highly accessible customer service. HTFC’s LA network will continue to play an essential role in achieving that goal. LAs are responsible for (i) delivering voucher services to families most in need, (ii) applying State policy in a local context, and (iii) leveraging community resources to promote mobility, economic advancement, and housing stability for participants.

Through this RFP, HTFC seeks to maintain and build upon its community-based service delivery model. HTFC is committed to connecting vulnerable New York families with providers who know their clients and who understand the communities they serve.

HTFC seeks a network of LAs that is capable of utilizing all of the tools available in the 21st century to ensure consistent and efficient service delivery, including on-line applications, multi-media application platforms, paperless data systems, etc., that will help make assistance more accessible than ever before.

2.2 LA Proposals

A total of 46 counties are currently available for bid as part this RFP process. Proposers may submit a **single, complete proposal** to serve:

- A. An individual county (*excluding New York City*) (*counties are listed below*) **-OR-**
- B. Multiple counties that are geographically contiguous (*excluding New York City*) (*counties are listed below*).

Counties served by HTFC's HCV program (outside of New York City)

Allegany	Oneida
Cayuga	Ontario
Cattaraugus	Orange
Chautauqua	Orleans
Chenango	Oswego
Chemung	Otsego
Clinton	Putnam
Columbia	Rockland
Delaware	Saratoga
Dutchess	Schuyler
Essex	Seneca
Franklin	Steuben
Fulton	St. Lawrence
Genesee	Suffolk
Greene	Sullivan
Hamilton	Tompkins
Herkimer	Tioga
Jefferson	Ulster
Lewis	Washington
Livingston	Wayne
Madison	Westchester
Nassau	Wyoming
Niagara	Yates

Proposers that propose to serve multiple counties that are not geographically contiguous must submit separate proposals for each county. **To be considered geographically contiguous, one must be able to travel between the two counties farthest apart within the proposed service area without ever leaving the service area.**

For example, a Proposer could submit a single proposal to serve Orleans, Genesee, and Wyoming Counties (*three counties that are geographically contiguous*). However, if a Proposer were only proposing to serve Orleans and Wyoming, two separate proposals (*one for each county*) would be required as the two counties are not geographically contiguous.

Proposers may also take a mixed approach. For instance, a Proposer could submit one proposal to serve Orleans, Genesee and Wyoming Counties, and then a second proposal to serve Herkimer County.

Please note that the five counties within New York City are not being awarded as part of this RFP process, and are therefore not to be taken into consideration when determining if counties are geographically contiguous. For example, Westchester County and Nassau County would be considered geographically contiguous counties for purposes of this RFP process, and therefore a Proposer can submit a single proposal for those two counties.

Even though New York City is presently served primarily by HCR staff, HTFC may seek to assign vouchers within New York City to a Local Administrator procured through this RFP process. In doing so, HTFC may consider a variety of factors including, but not limited to price, proximity to New York City, current LA performance, etc.

Proposers should note the following objectives:

- HTFC intends to award no less than 50 percent of the total counties served (*23 counties*) to either not-for-profit organizations, local governments or public housing authorities;
- HTFC does not intend to award more than 25 percent of the total counties served (*12 counties*) to a single Proposer; and
- HTFC reserves the right to adjust these goals if it does not receive a sufficient number of qualified proposals.

The first table in Attachment 4 provides a breakdown of the number of vouchers currently allocated by HTFC to each county served. The allocations may be subject to change based on voucher utilization and other factors. **HTFC does not guarantee a minimum or maximum voucher allocation in any contract resulting from this RFP process.**

2.2.1 Selection of an LA for Replacement or Future Expansion

HTFC reserves the right, with mutual consent of the LA, to award Section 8 Project Based and/or Tenant Based Vouchers to an LA selected through this RFP process at any time to serve counties in New York State that are not listed here, or to replace an LA in a currently served county that either leaves or is terminated from the program. HTFC may, on an as-needed basis, also select LAs through this RFP process to administer other federal or State rental assistance programs or initiatives throughout the State, including programs or initiatives not expressly indicated within the Scope of Work for this RFP, as is necessary and as in the best interest of HTFC. A county may also be split among more than one LA, or an LA may be selected to administer a certain type of voucher and rental assistance statewide or on a regional basis where circumstances dictate it is advantageous to do so.

When a county becomes available, HTFC, at its discretion, will utilize one of the following methods to select an LA:

1. Conduct a mini bid for that county among the existing panel of LAs, and select the lowest qualified bidder (*an LA's current and historic performance may be considered when determining whether to award an additional county*);

2. Invite an LA currently serving an adjacent or nearby county to expand their service area (*where timing is critical*);
3. Utilize HTFC’s Special Purpose Local Administrator (SP-LA) panel to identify a vendor to serve that county (*where circumstances dictate that the existing LA network does not provide for a qualified or readily available option, or where additional capacity is needed*); or
4. Another method as necessary and in the best interest of HTFC.

2.2.2 Additional HCV Program Initiatives for LAs

In addition to administering tenant-based vouchers, HTFC participates in a variety of Section 8 HCV initiatives and targeted voucher programs. It is expected that any Proposer submitting a proposal will have the capacity to provide such initiatives or programs within that county if called upon to do so. The final decision as to which counties participate will be made by HTFC in consultation with each LA based on a variety of factors, including local need.

➤ HUD-VASH Vouchers

HTFC currently administers over 1,000 HUD vouchers for Veterans Affairs Supportive Housing (“VASH”) throughout New York State. The counties listed in Attachment 4 currently administer VASH vouchers and have an existing partnership with their local Veterans Affairs facilities. A Proposer who is proposing to serve a county with an existing VASH allocation must have sufficient capacity to operate the program in that county either now or at the time a contract is executed.

➤ Mainstream Vouchers Program

Mainstream vouchers assist households comprised of at least one non-elderly person with disabilities. As with HUD-VASH vouchers, the HCV program will notify LAs when HUD releases notices of funding availability for the program. The counties in Attachment 4 currently administer Mainstream vouchers. A Proposer who is proposing to serve a county with an existing Mainstream allocation must have sufficient capacity to operate the program in that county either now or at the time a contract is executed.

➤ Project Based Vouchers, Enhanced Vouchers and Tenant Protection Vouchers

LAs are required to administer any Project Based Vouchers (“PBVs”), enhanced vouchers, and/or Tenant Protection Vouchers (“TPVs”) allocated to their county by HTFC.

➤ Homeownership

A Proposer who is proposing to serve a county with an existing homeownership program must have sufficient capacity to operate the program in that county either now or at the time a contract is executed. For a list of counties currently served, *see Attachment 4*.

➤ Family Self Sufficiency (“FSS”) Program

A Proposer who is proposing to serve a county with an existing Family Self Sufficiency program must have sufficient capacity to operate an FSS program in that county either now or at the time a contract is executed. For a list of counties currently served, *see Attachment 4*.

➤ Mobility Program

HTFC currently funds a program to encourage Section 8 households to move to [well-resourced areas](#)² in Westchester County, and is considering expanding this initiative to Nassau and Suffolk County.

² HCR has designated tracts throughout the State in which to incentivize new development and use of Section 8 vouchers. These HCR-Designated [Well-Resourced Areas](#) are selected based on two criteria, (i) well-performing schools and (ii) low

Proposers who are bidding on these counties may be asked to also administer the mobility program for its own participants, as well as for participants with vouchers from other PHAs. This program may be expanded to other counties, including counties not served by HTFC presently, and Proposers may be offered an opportunity to administer these new mobility programs for additional fees to be negotiated.

➤ Emergency Housing Voucher (“EHV”) Program

HTFC is participating in HUD’s EHV program to provide temporary vouchers to households who are homeless or at risk of homelessness. This initiative is currently being administered by a vendor procured through HTFC’s Special Purpose Local Administrator (“SPLA”) prequalified list of firms. However, administration of these vouchers may eventually be transferred to one or more LAs. An LA is required to accept and administer EHV’s if they are allocated by HTFC.

➤ Assignments to be determined

Other types of vouchers may be allocated to LAs as funding becomes available from HUD. In that event, HTFC will work with the LAs to select counties with the greatest need.

LAs may also be required to absorb the voucher allocations of other PHAs within their county that no longer wish to participate in the program. The LA will be expected to comply with any special instructions from HUD regarding wait list management and other tasks when assuming an allocation of vouchers from another PHA.

3. Assessment of Practices relating to Diversity and Service-Disabled Veteran-Owned Business Enterprises (“SDVOBs”)

Pursuant to New York State Executive Laws Article 15-a (“Article 15-A”) and Article 17-b (“Article 17-B”), respectively, HTFC is required to make an assessment of participation by minority-and/or women-owned business enterprises (“MWBE”) and Service Disabled Veteran Owned businesses (“SDVOB”) for this procurement. At this time, HTFC is not applying specific, percentage goals to this RFP or to contracts resulting from this RFP process. However, HTFC reserves the right to assign goals at any time and at its sole discretion for any LA that proposes to subcontract, or should any subcontracting opportunities otherwise later become available.

3.1 MWBE Participation

HTFC is committed to awarding contracts to firms that are dedicated to diversity and provide high-quality services. HTFC strongly encourages firms that are certified by the State’s Empire State Development (“ESD”) as minority owned business enterprises (“MBEs”), women owned business enterprises (“WBEs”) and MWBEs to submit responses to this RFP.

3.2 SDVOB Participation

HTFC is committed to awarding contracts to SDVOBs that provide high-quality services. HTFC strongly

poverty rates. These criteria were developed based on research showing that children living in neighborhoods with well-performing schools and low poverty rights have higher incomes as adults.

encourages firms that are certified as SDVOBs by the State’s Office of General Services (“OGS”) to submit responses to this RFP.

4. Calendar of Events and Milestones

It is anticipated that contracts resulting from this RFP process will be awarded based on the schedule indicated below. HTFC reserves the right to modify this schedule at its discretion. Please note that a Proposer's technology infrastructure may be subject to review at any time by HTFC or by the New York State Office of Information Technology Services. HTFC reserves the right to require an LA to upgrade its technology systems if it is determined that HTFC's data may be at risk or that the LA's current infrastructure does not conform to current standards.

C. Customer Service Strategy

LAs are responsible for ensuring fair and equal access to the Section 8 waiting list, educating landlords on Section 8 Program requirements, linking families to other available services, and responding to basic inquiries. For each county proposed, the Proposer must articulate a strategy for ensuring that all families have sufficient access to Section 8 staff and services. This strategy must include: (i) families who do not have access to the Internet, modern cell phones, or other communication technology; (ii) families who have little or no access to transportation, particularly seniors or disabled households in remote rural areas who do not own vehicles; and (iii) non English speaking families.

⁸ HCR has designated tracts throughout the State in which to incentivize new development and use of Section 8 vouchers. These HCR-Designated [Well-Resourced Areas](#) are selected based on two criteria, (i) well-performing schools and (ii) low poverty rates. These criteria were developed based on research showing that children living in neighborhoods with well-performing schools and low poverty rates have higher incomes as adults.

4. Steps the LA will take to ensure that any fraud may be reported confidentially and communicated to HTFC; and
5. Steps the LA will take to evaluate Fair Market Rents on an ongoing basis and to recommend and implement Small Area Fair Market Rents where applicable.

2. **Housing Opportunity** – Describe any best practices to help families with young children identify housing, transportation and other services in those areas. 3. **Additional Services** – Describe any other services that the Proposer will provide that will positively impact Section 8 families and is not included within the Scope of Work for this RFP.

8.3 TAB 3: Cost Proposal

The Cost Proposal should not exceed **1 page**.

HTFC will pay each LA a monthly administrative fee **PER LEASED VOUCHER** to administer HTFC's Section 8 vouchers. LAs will not be paid for allocated but unutilized vouchers. Except where otherwise specified below and in the Scope of Work, the fee must cover all costs associated with delivering the required tasks as proposed including, but not limited to, staff, facilities, technology equipment, travel, management and overhead, etc. **The Proposer must state their fee per voucher for Year 1 (4/1/22-3/31/23) for each county to be served.** HTFC reserves the right to negotiate fees with successful Proposers prior to contract execution.

In addition, LAs may receive fees for the below items, above and beyond the per voucher fee in accordance with current practice.

- A monthly fee, in lieu of the regular per voucher fee, for participants who port out to another PHA but are not absorbed while that household remains on the program. That fee will be defined as the HUD Column B Administrative Rate for HTFC multiplied by 82 percent, or by whatever proration rate is established by HUD.
- A one-time fee when a participant repayment agreement is closed out equal to 50 percent of the amount recollected for repayment agreements of \$1,000 or less. For repayment agreements between \$1,001 and \$2,000, the LA is paid the lesser of 50 percent of the amount requested or \$750. For repayment

agreements at \$2,001 or above, the LA is paid the lesser of 40 percent of the amount collected or \$5,000.

- LAs participating in the Homeownership program will receive: (i) \$750 for one home purchase closing in a month; (ii) \$1,000 per closing if there are two in the same month; and (iii) \$1,500 per closing if there are three or more in the same month.
- For LAs participating in FSS, fees will be determined by the amount of grant assistance provided by HUD.
- HTFC will negotiate with the LA a separate fee structure if participating in the Mobility program.
- LAs may request increases to these fees, which will be approved at HTFC's discretion. HTFC reserves the right to negotiate additional fees as necessary.

PLEASE NOTE: As part of its new LA contract, HTFC will offer LAs the opportunity to request an annual increase to the per voucher fee of between 1 and 4 percent. Increases will be approved at HTFC's discretion, and will be determined based on a variety of factors including the level of increase in federal administrative funding provided to HTFC by HUD, overall program administrative expenditures, and HTFC's ongoing assessment of the LA's compliance and performance.

Proposals submitted that stipulate pre-determined, mandatory, contractual increases may be rejected.

There is no guarantee of a minimum or maximum number of vouchers, nor is there any guarantee that federal funding availability will continue in any manner consistent with previous estimates. By submitting a proposal, the Proposer acknowledges the foregoing and agrees that actual good faith volumes during the term of the resulting Contracts could vary substantially from the estimates provided in this RFP. All pricing recommended for award will be subject to comparison to the previous year's pricing and/or current market trends among other Public Housing Authorities, as applicable, in order to gauge the reasonableness of price. Pricing found not to be in line with current and historical trends or in the best interest of HTFC, may be removed from consideration for an Award.

At the time this RFP was released, there was a proposal currently under consideration in the U.S. Congress that, if approved, could increase HTFC's overall voucher allocation by two to three times the current amount. The increased number of vouchers would likely be divided and passed on at least partially for administration by the LAs. Proposers should be prepared for significant and rapid growth should such funding be approved.

12. Evaluation of Proposals

12.1 The Selection Process

The selection process will begin with the review and evaluation of each of the written proposals. The purpose of the evaluation is two-fold (1) to examine the responses for compliance with the requirements of this RFP and (2) to identify the complying Proposers that have the highest probability of satisfactorily performing the Scope of Work, described herein. The evaluation will be conducted in a comprehensive and impartial manner as set forth herein.

12.2 Preliminary Review

Proposals will be reviewed to determine if they meet the minimum qualifications detailed in Section 6 of this RFP. All proposals will be reviewed to determine if they contain all required submittals specified in this RFP. Incomplete proposals may be rejected.

12.3 Evaluation, Criteria and Scoring for Selection

Proposals will undergo an evaluation process conducted by an HCR committee ("**Committee**"). The Committee will evaluate proposals based on the qualifications of both the Proposer and its current personnel, which will include an individual's experience at other firms during the relevant time period. The Committee will evaluate the proposals based upon the following criteria, not necessarily listed in the order of importance:

- Price;
- Demonstrated staff competence and expertise;
- The ability to ensure safe and accessible services for the counties to be served;
- Experience and historical performance, including recent SEMAP scores, utilization rates, etc.;
- Diversity and commitment to equal employment opportunity;
- Other services and resources leveraged;
- Overall organization, completeness, and quality of response, including cohesiveness and clarity of response;
- Interviews to clarify or expand on the RFP response (*to be conducted at the discretion of the Agency*);
and
- Any other identified risk factors.

12.3.1 Technical Proposal Evaluation – 70 Points

The Committee will independently score each Technical Proposal to identify Proposers with the highest probability of satisfactorily providing the services described in the Scope of Work of this RFP.

12.3.2 Cost Proposal – 25 Points

The Committee will independently score each Cost Proposal. Evaluations will be based on cost reasonableness in providing the services described in the Scope of Work of this RFP.

12.3.3 Diversity and SDVOB Scoring – 5 Points

The Agency’s Office of Economic Opportunity & Partnership Development (“OEOPD”) will examine the MWBE, MBE, WBE and SDVOB documents. Proposals that have identified MWBEs, MBEs, WBEs and/or SDVOBs as the Proposer to meet the Scope of Work, will receive five (5%) percentage points.

HTFC will also perform a due diligence review of the items submitted in the Proposer’s Administrative Proposal that include, but are not limited to, corporate and individual employee references, findings of non-compliance or non-performance by HUD or another federal, state or local government agency, unresolved investigations or legal issues, audit findings, or other risk factors identified as part of a vendor responsibility.

12.4 Interviews

The Proposer’s primary staff member who would be responsible for HTFC’s relationship with the Proposer, as well as other key personnel proposed to provide services must be present and participate in the interview. The purpose of the interview is to further document the Proposer’s ability to provide the required services and to impart to the HTFC Committee an understanding of how specific services will be furnished. The interview will be evaluated based on whether it substantiates the characteristics and attributes claimed by the Proposer in its written response to this RFP and any other information requested by the Committee prior to the interview.
