CHAPTER 1 GETTING STARTED

The Getting Started Chapter summarizes the key considerations and important administrative steps that local officials and staff should keep in mind as they begin the implementation of their Community Development Block Grant (CDBG) projects. It addresses the grant agreement, administrative plan and accessing funds.

I. GRANT AGREEMENT

The grant agreement is the legal document that governs the relationship between the Recipient and the Office of Community Renewal (OCR) including, but not limited to, the following items:

- Provisions common to all NYS CDBG program grant agreements (boilerplate) pertaining to default, termination, modification and amendment, disbursement, subcontracts, program income, records, reports, and compliance with applicable laws and regulations. Recipients must ensure they have a clear understanding of all applicable federal and state laws and regulations and take the steps necessary to ensure compliance. The sole responsibility of compliance lies with the recipient. References to the applicable federal and state laws and regulations are in the grant agreement and in Exhibit 1-2 Applicable Laws and Regulations of this Manual.

- Grant Agreement Term:

Competitive Round:	24 months
Economic Development Open Round:	24 months
Imminent Threat:	24 months
Technical Assistance/Community Planning:	14 months
CARES:	12 months

- Provisions specific to a Recipient's grant agreement with OCR, such as those regarding the activities funded, the project budget, the proposed accomplishments, project implementation schedule, and any special grant conditions.

Each provision is legally enforceable and designed to spell out the respective obligations of OCR and the Recipient. OCR recommends that the Recipient's attorney review the agreement to ensure that it is consistent with the community's legal authority. Grant agreements must be processed according to the instructions outlined in the grant agreement cover letter.

II. GRANT AGREEMENT EXECUTION

Several steps are involved in the execution of the contract and startup. These administrative steps include, but are not limited to:

- Executing the grant agreement;
- Completing authorized signature and depository forms;
- Complying with special grant conditions, as specified in Schedule A of the Grant Agreement;
- Developing an administrative plan and a program manual;

CHAPTER 1 GETTING STARTED

- Opening a non-interest-bearing checking account for the deposit and disbursement of CDBG funds;
- Establishing a clear understanding of the applicable laws and regulations;
- Establishing project files; and
- Accessing funds.

III. PROJECT SCHEDULE

When the grant agreement is executed, the following general schedule applies to the administration of the CDBG activities:

*Does not capture other reporting requirements, i.e. M/WBE, Labor Standards, etc. Additional reporting will be required periodically throughout the project term

CHAPTER 1 GETTING STARTED

IV. ADMINISTRATIVE STAFFING

Recipients must determine the best method of administering their NYS CDBG project. Local administration of CDBG projects can take several forms. In some cases, Recipients may designate an existing public agency or employee, such as a planning board, planning director, public works superintendent, or clerk, as the project manager, or they may hire new employees to manage the grant activities project. In other instances, recipients may contract with a private individual, not-for-profit agency, or consulting firm. If a Recipient chooses not to directly administer the CDBG project, they must enter into a contract for services that describes the division of grant management responsibilities. Recipients that contract for administration and program delivery services must take a hands-on approach to ensure the funded activities are accomplished as proposed and to remain informed of the project status throughout the term of the grant agreement with OCR.

Regardless of the option selected, direct responsibility for completion of grant activities, compliance with federal and state requirements, and proper financial management of NYS CDBG funds rests with the Recipient's governing body. If a Recipient decides to hire a private individual or firm to administer its CDBG funded activities, the Recipient must follow the all-applicable procurement guidelines. Refer to Chapter 4: Procurement Standards, for guidance on procurement requirements.

Two of the most important functions undertaken by a Recipient are the monitoring of the grant and grant administration oversight. There are four primary components that Recipients should monitor, regardless of who is administering the program: progress of activities, program management, fiscal management, and regulatory compliance. Recipients should maintain regular contact with administrators, contractors, and others involved in the successful completion of the project. This can be conducted by frequent discussions and site visits, as well as formal communication, assessment, and evaluation.

A. Consultants

If a consultant will be retained to assist with the management of the project, local officials or community employees should work closely with the consultant to gain a better understanding of the management issues involved. In cases where the community turns the entire project over to the consultant, *all of the detailed knowledge about the project is lost when the project is completed and the consultant leaves*. Establishing a close working relationship with the consultant will also provide an excellent opportunity for the community to learn how to administer a grant, and will help improve communication between the community, the consultant, and OCR.

When opting to contract for professional services for grant administration, Recipients are required to follow the federal procurement standards. The procurement process must provide for "free and open" competition. Most professional service contracts are executed through "competitive proposal" procedures utilizing requests for proposals. These procedures are designed to protect the community and ensure that it selects a competent contractor at a reasonable cost. Refer to Chapter 4: Procurement, for guidance on procurement requirements.

CHAPTER 1 GETTING STARTED

B. Subrecipients

Recipients may elect to sub-grant all or portions of their CDBG funds to a Subrecipient for administration of a specific activity, i.e. homebuyer assistance. A sample Subrecipient Agreement can be found in Exhibit 1-4 of this Chapter. **A Subrecipient is an organization that is provided CDBG funds directly from an OCR Recipient for use in carrying out previously agreed upon eligible activities.** Such an organization is authorized, by virtue of its articles of incorporation, charter, and/or experience, to undertake the activities for which it will receive CDBG funding.

Subrecipients support recipients in the achievement of their community development goals by providing the knowledge, expertise, and work hours that the Recipient itself cannot provide. NYS CDBG funds are passed to the Subrecipient **from the Recipient** so that it can undertake agreed upon eligible activities. In many instances, the Subrecipient is able to undertake activities that the recipient could not, or would not, complete on its own. Sometimes the Subrecipient will request an eligible CDBG community to apply on its behalf; other times, the community requests the Subrecipient to act on its behalf. **Regardless of the manner in which a Subrecipient undertakes the Recipient's administrative responsibilities, under no conditions should the NYS CDBG account and/or checkbook be turned over to the Subrecipient, nor should funds be electronically transferred to the Subrecipient from OCR.**

There are typically three types of Subrecipients:

- Governmental non-profits, which are public agencies, commissions, or authorities that have been created by the Recipient, such as a housing authority or water supply district. They also may have been created by a consortium of municipalities, such as a county or multi-county sewer authority;
- Private non-profits, which are incorporated under the non-profit statutes of state law, and, frequently having IRC 501(c)(3) status, providing specific services in specific areas, such as job training, day care, housing, community development, homeless shelters, mental health centers, industrial development, etc.; or
- Less frequently, a private for-profit that can carry out special activities, such as economic development or housing construction.

Federal procurement standards do not apply to the selection of a Subrecipient, but they must be adhered to for the selection of a consultant.

The Recipient and the Subrecipient must enter into a written agreement. The agreement must remain in effect during any period that the Subrecipient has control over NYS CDBG funds, including program income.

At a minimum, the written agreement with the Subrecipient must include provisions concerning the following items:

CHAPTER 1 GETTING STARTED

1. Statement of work – The agreement must include a description of the work to be performed, a schedule for completing the work, and a budget. These items shall be in enough detail to provide a sound basis for the Recipient to effectively monitor performance under the agreement.
2. Records and reports – The Recipient must specify in the agreement the particular records the Subrecipient must maintain and the particular reports the Subrecipient must submit in order to assist the Recipient in meeting its recordkeeping and reporting requirements.
 - a. The agreement must specify that at least on a semi-annual basis, the Subrecipient shall provide in hard copy or electronic copy, all documents related to the grant.
3. Program Income – The agreement must include the program income requirements set forth in 24 CFR 570.504 (c). The agreement must also specify that, at the end of the NYS Fiscal Year, Recipients will require remittance of all program income balances (including investments thereof) held by the Subrecipient.
4. Uniform Administrative Requirements – The agreement shall require the Subrecipient to comply with applicable uniform administrative requirements, as described in 24 CFR 570.502.
5. Other Program Requirements – The agreement shall require the Subrecipient to carry out each activity in compliance with all federal laws and regulations excluding the Recipient's environmental responsibilities and responsibility for initiating the review process under the provisions of 24 CFR Part 52.
6. Conditions for Religious Organizations - Where applicable, the conditions prescribed by HUD for the use of CDBG funds by religious organizations must be included in the agreement.
7. Suspension and Termination – The agreement must specify that, in accordance with 2 CFR 200.339-342, suspension or termination may occur if the Subrecipient materially fails to comply with any term of the award, and that the award may be terminated for convenience.
8. Reversion of Assets – The agreement must specify that upon its expiration the Subrecipient shall transfer to the Recipient any NYS CDBG funds on hand at the time of expiration and any accounts receivable that are attributable to the use of NYS CDBG funds. It shall also include provisions designed to ensure that any real property under the Subrecipient's control that was acquired or improved in whole or in part with NYS CDBG funds, including NYS CDBG funds provided to the Subrecipient in the form of a loan, in excess of \$25,000 is either:

CHAPTER 1 GETTING STARTED

- a. Used to meet one of the national objectives until five (5) years after expiration of the agreement, or for such longer period of time as determined to be appropriate by the Recipient; or
- b. Not used in accordance with meeting a national objective, in which event the Subrecipient shall pay to the Recipient an amount equal to the current market value of the property, less any portion of the value attributable to expenditures of non-NYS CDBG funds for the acquisition of, or improvements to, the property. The payment is program income to the Recipient. (No payment is required after period of time specified in 8.)

Since OCR's contract is with the Recipient, it is the Recipient's performance that will be monitored. It is the Recipient's responsibility to ensure that its Subrecipient is carrying out the project in conformance with the certifications and requirements that it inherited as a result of receiving and administering NYS CDBG funds. To ensure compliance, Recipients must conduct a formal monitoring of the Subrecipient during the administration of the grant, and periodically evaluate the performance of the Subrecipient. Refer to Chapter 10: Monitoring.

V. LOCAL RECIPIENT ADMINISTRATIVE PLAN

Once an administrative approach for your project has been determined, local officials should meet with the designated project manager and other key staff to discuss their individual roles and responsibilities to finalize the Local Recipient Administrative Plan, available in Exhibit 1-1 of this chapter. The administrative plan is a required document **that must be submitted by the recipient to the OCR prior to requesting funds for the first time.** The administrative plan provides an opportunity to outline operating procedures, compliance measures, reporting requirements, and responsible parties for all the key administrative tasks, such as conducting the environmental review, preparing and submitting reports, conducting site inspections, monitoring contractors, interviewing workers for labor standards requirements, and requesting funds. **The project manager should use the Administrative Plan as a written record of the project components and major tasks and identify the people who will be responsible for implementing each of them.** The Administrative Plan is intended to be used for all stages of project implementation including organizing for on-site monitoring visits conducted by OCR staff.

Each person involved in the project should have a copy of the Administrative Plan and the project implementation schedule. In the event of staff turnover, the plan will help familiarize new staff with the responsibilities and operating procedures required for project administration to the extent that the transfer of responsibilities should be seamless.

Please keep in mind that the recipient is ultimately responsible for assuring compliance with all the applicable regulations and requirements governing the NYS CDBG Program. A very common problem in the administration of a NYS CDBG project is that local officials or staff assume that someone else is taking care of a requirement or work task. To assure compliance recipients must ensure that the appropriate person(s) are fully aware and understand the requirements of the

CHAPTER 1 GETTING STARTED

program and take the necessary steps to ensure compliance. Recipients must oversee the implementation of the project and the adherence of program requirements.

The submission of an Administrative Plan is required before requesting funds for the first time. The Plan will, at a minimum, include the following items and will aid in a successful monitoring visit and the completion of a successful project. For additional guidance on the contents and format of the Administrative Plan, refer to Exhibit 1-1 NYS CDBG Program Recipient Administrative Plan

1. Local Program Summary

This section of the plan provides an overview of the project and persons responsible for overall project management. This section must include:

- An overall description of the project/scope of work
- The program/project budget
- Project Schedule
- Projected Accomplishments

Project Team - describe how a Recipient will integrate project management into its existing organizational structure. This section of the plan must include a description of the role of key persons who will be involved in supervising the administration of the grant and those who will have a direct role in administering the grant, including the Chief Elected Official, the Recipient's financial officer, any officials who will be authorized to sign requests for CDBG funds, the Recipient's attorney, consultant, Subrecipients, etc.

Hint: You can choose to supplement this section using forms generated for the CDBG Grant Agreement

2. Program Requirements and Policies

This section of the plan will describe the steps to be taken to ensure documentation of the Recipient's compliance with all applicable laws, regulations, and contractual requirements, such as the environmental review process, civil rights, procurement, labor standards, preparation of performance, and closeout reports. This includes:

- Eligible activities to be undertaken
- National Objectives that will be met
- Civil Rights – Evidence of compliance with the following items must be submitted with the Administrative Plan prior to requesting funds for the first time. Please see Exhibit 1-1 for further information on satisfying these items:
 - Fair Housing
 - Section 504 Accessibility
 - Section 3
 - Local Procurement Policy
 - Equal Employment Opportunity (EEO)
 - Minority/Women Owned Business (M/WBE)

CHAPTER 1 GETTING STARTED

3. Grant Administrative Cycle

This Section of the Plan provides dates for certain milestones reached in the life of the project. Note that some of these items will not have been completed at the time of submission of the plan. In this case, only draft completion dates can be entered. Grant cycle items include:

- Contract execution and start-up
- Financial set-up
- Environmental Review
- Project Implementation
 - Labor/wage documentation
 - Marketing/Project selection
 - Real Property management
 - Construction monitoring and compliance
- File Maintenance and Reporting

VI. STEPS REQUIRED TO ACCESS FUNDS

Recipients may not commit CDBG funds prior to the effective date of their grant agreement. Any expenditure prior to such date cannot be reimbursed with CDBG funds.

Required Steps

The following steps must be completed before a Request for Release of Funds will be approved by OCR.

1. Grant Agreement/Special Conditions – Submit a signed grant agreement and provide evidence of compliance with Schedule A requirements, with the special conditions, if applicable.
2. Non-Interest-Bearing Account – **Recipients must open a non-interest-bearing checking account in the name of the municipality for the electronic deposit** of NYS CDBG funds and for Recipients to disburse payment for activities covered by NYS CDBG funds. If a Recipient has an existing non-interest-bearing account that was open for prior-year NYS CDBG projects, the Recipient may use that existing account, but separate financial records must be maintained. If possible, the funds should be deposited in a bank located within the project area (defined as the jurisdiction of the Recipient's local government).
3. Signature Authorization and Designation of Depository Forms - Before any NYS CDBG funds can be requested, several forms must be completed and submitted to OCR to establish the mechanisms for requesting (drawdown) and receiving (disbursement) NYS CDBG funds:

CHAPTER 1 GETTING STARTED

- **The Authorized Signature Form (Form 1-1)** designates the local officials authorized as signatories for requests for payment. The Chief Elected Official (CEO) must designate at least two municipal employees to sign each payment request (drawdown) to safeguard that grant funds are being used for allowable and authorized costs. The CEO cannot be an authorized signatory. The authorized signatories also cannot be a signatory to the local CDBG check for expenditure of NYS CDBG funds.
- **The Designation of Depository Form (Form 1-2)** authorizes the deposit of NYS CDBG funds directly in the **Recipient's designated bank account** for the project. The Designation of Depository Form must indicate the name and number of the non-interest-bearing account (general depository) to which OCR will authorize the direct deposit of NYS CDBG funds. The account must be in the name of the recipient (i.e. Village of ABC). A new Designation of Depository Form must be submitted for each grant awarded to a Recipient.

E-mail the fully executed 1-1 and 1-2 to your OCR Community/Economic Developer and retain the original in the Local Financial Management File. If there is a need for the Recipient to change the authorized signatories or depository, a new set of forms must be submitted to OCR prior to requesting funds.

4. **Environmental Review** - The National Environmental Policy Act of 1969 ("NEPA") requires Recipients to conduct an environmental review of their projects and establish a written record of their findings, known as an Environmental Review Record. Until a Recipient has completed the environmental and historic requirements covering all project activities (Refer to Chapter 2) and has obtained OCR's approval of its Request for Release of Funds, if applicable, **a Recipient cannot expend or encumber CDBG funds for any activity** except those listed as exempt under 24 CFR 58.34, or which fall under the categorical exclusions set forth in 24 CFR 58.35(b). Complete the environmental and historic review for each activity proposed and submit it with the Request for Release of Funds, if applicable. Refer to Chapter 2, Environmental and Historic Review. Consult your OCR Community/Economic Developer for guidance if you have a question regarding whether or not a particular activity is exempt under NEPA.
5. **Release of Funds** - To request a release of funds, a Request for Release of Funds and Certification Form must be submitted (except for exempt activities) along with the following for each activity type:
 - **NEPA Exempt Activities** - [Exempt under 24 CFR Part 58.34 or categorically excluded under 24 CFR 58.35(b)] A Request for Release of Funds is not required for this determination, but Recipients must comply with the requirements in Chapter 2 of the Grant Administration Manual. Once this determination has been made, the Recipient may then begin incurring costs exempt activities. The form may be submitted with the first request for funds. **If the exempt activities are to be paid in part by other funding sources,**

CHAPTER 1 GETTING STARTED

the other funds must be committed to the project before NYS CDBG funds can be drawn down. Documentation of the determination that each activity or project is exempt must be submitted to OCR and retained in the Recipient's file.

- **NEPA Non-Exempt Activities** - The following steps must be completed before a Request for Release of Funds can be considered for authorization of activities that are not exempt under 24 CFR 58.34(a) nor categorically excluded under 24 CFR 58.35.
 - a. Completion of all state and federal environmental reviews, required forms, and the environmental review record, including publishing of all required notices. (See Chapter 2, Environmental and Historic Review.)
 - b. Submittal of the Request for Release of Funds Form and the corresponding environmental review forms to the assigned Program Staff.

After review of the required documents a release of funds will be issued.

When the Recipient receives approval of the Recipient's Certification and Request for Release of Funds, the Recipient may begin committing and drawing down NYS CDBG activity funds. **For projects requiring other funding sources, the non-NYS CDBG funds must be committed to the project before NYS CDBG funds can be obligated.**

Request for Funds - Requests for Funds Forms 1-4, 1-5 and 1-6 must be emailed to OCR for processing at Disbursements@nyshcr.org. **All requests for funds must include supporting documentation for all expenditures requesting reimbursement.** Supporting documentation, such as invoices and/or payroll documentation of labor, materials, equipment, closing costs, services, and other expenses, must be submitted for each CDBG expenditure, including program delivery and administration. For microenterprise projects, information describing the business use of funds, type of job(s) and number of job(s) must be submitted. The supporting documentation must be dated and include the name of the vendor/contractor/consultant, address of the project/property/business, and the name of the property or business owner.

6. It may be necessary for additional materials or information to be requested before processing a request for funds. NYS CDBG funds that have been approved for release will be electronically transferred to the Recipient's bank account within 7-10 business days. Recipients will be notified if their request for a drawdown is denied or requires corrections.
 - **For projects where Davis-Bacon and New York State wage requirements are applicable, Recipients must submit a copy of the bid package prior to requesting funds for construction for review by their OCR**

CHAPTER 1 GETTING STARTED

Community/Economic Developer. Once a determination has been made regarding compliance with the applicable labor standard requirements, the Recipients will be notified of the determination.

- Recipients must minimize the time elapsing between the receipt of NYS CDBG funds and the disbursement of funds for NYS CDBG activities. In determining when to request funds, Recipients must comply with the OCR-approved project schedule and the Recipient's ability to disburse funds in a timely manner, typically within 5 days.
- **Recipients may request funds for exempt activities that were completed prior to receiving a release of funds, in accordance with their program schedule.**
- **OCR will process requests for funds in accordance with Recipients' program schedule. Requests for administration and program delivery expenditures that exceed the budgeted amount accumulated for that quarter or exceed 20% of the program activity expended will not be processed for payment.**

VII. PUBLIC RELATIONS MATERIALS

OCR invites all Recipients to submit photographs of their projects at various stages of development for use on the OCR website and in promotional materials and presentations.

Before submitting photographs to OCR, Recipients must comply with Section 50 of NYS Civil Rights Law, which provides for a "right of privacy. To comply, Recipient must maintain a copy of the Release and License Agreement (Exhibit 1-3) for all projects undertaken by the Recipient. The Release and License Agreement (Exhibit 1-3) must be included in any written agreements entered by the Recipient.

If a person, firm, or corporation uses for advertising purposes, or for the purposes of trade, the name, portrait or picture of any living persons or privately-owned structures without having the signed Release and License Agreement that individual or entity may be guilty of a misdemeanor.

EXHIBIT 1-2

APPLICABLE LAWS AND REGULATIONS

The following is a list of applicable federal and state laws and regulations that may impact your CDBG funded activities. This list is not an all-inclusive list of the applicable state and federal laws and regulations. It is the responsibility of the Recipient to understand the applicability of all laws and regulations. Recipients are responsible for complying with and obtaining copies of all applicable federal and state laws and regulations. For additional information regarding the federal laws and regulations and for copies of federal regulations, refer to HUD's website, www.HUD.gov and the Code of Federal Regulations website, <https://www.ecfr.gov>.

CHAPTER 1 GETTING STARTED

A. Civil Rights

Several federal and state statutes, portions of the NYS CDBG regulations, and three Presidential Executive Orders contain civil rights and affirmative action provisions that apply to all programs funded with federal monies. Civil rights compliance and monitoring responsibilities are outlined in the following summary of federal and state laws, Executive Orders, and NYS CDBG program regulations.

Title VI of the Civil Rights Act of 1964 (42 USC 2000d et seq. 24 CFR Part 1)

Title VI provides that no person shall be excluded from participation in, be denied program benefits of, or be subjected to discrimination on the basis of race, color, or national origin under any program activity receiving federal financial assistance.

National Affordable Housing Act of 1990 (42 USC 12832)

The nondiscrimination clause of the National Affordable Housing Act of 1990 states:

“No person in the United States shall on the grounds of race, color, national origin, religion, or sex be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity funded in whole or in part with funds made available under this subchapter. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 USC 6101 et seq.) or with respect to an otherwise qualified handicapped individual as provided in section shall also apply to any such program or activity.”

Rehabilitation Act of 1973, Section 504, as amended (29 USC 794)

Section 504 is explicitly incorporated into Title II, Subtitle F, Section 282 of the *National Affordable Housing Act* of 1990. It states:

“No otherwise qualified handicapped individual in the United States, as defined in section 705(20) shall, solely by reason of his or her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

Although similar in wording, Section 504 of the Rehabilitation Act differs conceptually from Title VI of the Civil Rights Act and Section 282 of the National Affordable Housing Act. The premise of Title VI and Section 282 is that there are no inherent differences or inequalities between the general public and the persons protected by these provisions; therefore, there should be no differential treatment in the administration of federal programs. The premise of Section 504 is that affirmative steps must be taken to ensure that persons who are inherently unequal (the handicapped) are not discriminated against as a result of administrative procedures or NYS CDBG project activities. Handicapped persons may need different treatment in order to be afforded equal access to federally assisted programs and activities; thus, identical treatment may in fact constitute discrimination.

CHAPTER 1 GETTING STARTED

24 CFR Part 8, Nondiscrimination Based on Handicap in Federally-assisted Programs and Activities of the Department of Housing and Urban Development.

Americans with Disabilities Act (ADA) of 1990 (42 USC 12101 et seq.)

The Americans with Disabilities Act (ADA) of 1990 guarantees equal opportunity in employment, public accommodations, transportation, state and local government services, and telecommunications, for individuals with disabilities.

Architectural Barriers Act of 1968 (42 USC 4151-4157)

HUD implementing regulations at 24 CFR Part 40, prescribe standards for the design, construction, and alteration of **publicly owned** residential structures to ensure that physically handicapped persons will have ready access to, and use of, such structures.

When the income is generated by an activity that is only partially funded with CDBG funds, the income must be prorated to reflect the percentage of CDBG used.

The gross income from the CDBG funds must be accumulated in a separate local account. If during the State's fiscal year (April 1 - March 31), the gross income does not exceed \$35,000, the funds are considered miscellaneous revenue and may be retained by the Recipient and moved to its general account at the end of the State's fiscal year. Nevertheless, no Program Income may be directly disbursed to activities by the Recipient or Subrecipients without HTFC written consent. Gross income accrued after the grant has been closed out by the HTFC may still be Program Income if it exceeds

Real property sold with five (5) years from the date of closeout by the HTFC, must be included in gross income for the purposes of determining Program Income. However, after five (5) years from the date of closeout by the HTFC, any proceeds from the sale of real property purchased or improved with CDBG funds are not considered Program Income and may be retained by the Recipient. Notwithstanding any other provisions of this clause, all revolving loan fund income, both of principal and interest, is Program Income. Revolving loan fund income must be returned monthly upon receipt to the HTFC. Revolving loan fund income is not included in the total gross income calculation when determining program income.
