

## 2023 - 2024 HCR NOFA FREQUENTLY ASKED QUESTIONS

**Question:** Do enforcement actions need to include testing to be an eligible activity under the NOFA?

**Answer:** Yes, the NOFA appropriation from the legislature is for “fair housing testing” so a test must be tied to enforcement activities covered under the NOFA.

**Question:** Does all social media activity have to be digital?

**Answer:** No, as long as the information is displayed in a way to reach people beyond those who subscribe to your social media platforms. For example, a bus wrap would be acceptable as a social media tool.
