

T-HIP Project File Checklist Instructions for File Maintenance and First File Review

Project File Checklist will be used to organize responses for First File Review at initial setup and at the completion of the project. This checklist must also be used by the LPA to organize project files. All First File Review documentation for Set Up and Completion must be submitted to the LPA's designated WorkCenter in Procorem. Invitations for Procorem are issued at the time of contract execution. LPA may add any number of collaborators to the Procorem process by sending the name and email address of the collaborator to the Program Manager.

Program Director reviews materials and outlines any deficiencies for corrections to the LPA by email. Once the review is satisfactory, Director stamps the checklist "Approved" if so approved. All efforts will be made to allow an LPA to set up their first project timely. However, if the Program Director deems the materials to be excessively deficient, OCR may hold set up of the first project until the deficiencies can be corrected.

First File Set Up Review - Please include separately as one PDF to Procorem

1. Participant application:
 - Basic information to determine household eligibility
 - Basic information to determine property eligibility
 - Dated applicant signature
 - Date stamped by organization for project selection documentation
2. Verification of primary residence (driver's license, birth certificate, passport, etc.)
3. Verification of Location in Targeted Area
4. Household size (may be part of the client application)
5. Proof of Income Eligibility (conducted within 12 months):
 - Dated calculation required (could be part of application)
 - Back up documents to demonstrate calculation
6. Asset Review
 - Determination of applicant's assets and documentation of impact on application prioritization
7. Verification of homeownership
8. Verification of current Homeowner Insurance
9. Verification of current taxes (or documentation from municipality of payment plan in place)
10. Critical Repair/Work Eligibility
 - Documentation showing that work meets selection criteria established by LPA
11. Award letter from LPA to participant (could be email or contained as part of homeowner agreement)
12. Written scope of work
13. Internal cost estimate
14. Homeowner Agreement with participant. AT MINIMUM MUST CONTAIN:
 - Agreed upon scope of work & cost
 - Contractor selection process
 - General completion deadline
 - Permits required
 - The LPA has the right to inspect work at any time
 - The LPA may terminate the award and cancel the contract should the work be inconsistent with the program rules outlined
 - The LPA may share information about the participant and the project with NYS HCR for monitoring purposes
 - Release for photos of unit
 - Allow sharing of these photos for presentations and press (can be N/A, project can move forward without participant consent to share outside HCR)

- Dispute resolution policy
 - Property owner will cooperate with the LPA requirement to monitor the ongoing maintenance of the property for the Regulatory Period
15. Preconstruction inspection: can be HQS, rehabilitation specialist notes and drawings, other documented proof of inspection, not photos.
 16. Before photos of repairs to be completed
 17. Environmental Site Certification
 - Site-specific Checklist
 - SHPO Letter of No Adverse Impact
 - Any other required documentation per checklist and HCR Environmental Unit

First File Completion Review - Please include separately as one PDF to Procorem

1. Contractor bid package and proposals for Contractor Bid List
2. Certificate of contractor insurance for chosen contractor
3. EPA lead certification – This must be provided, or the LPA should state WHY this is not required. Either “House built post 1978” with proof or “Repairs will not disturb painted surfaces”.
4. Construction contract between participant and contractor(s), signed and dated
5. Copy of building permits- Permits or proof permit is not required is mandatory. If the LPA elects to hold the contractor responsible for procuring permits, a permit (photo is fine) or proof from the contractor, in ANY capacity, that they did not need one. It can be a screenshot of town regs, a letter from the town, or an email or text from the contractor saying no permit was required. If the LPA retains responsibility for permitting, there must be a permit or proof one is not required.
6. Notice to Proceed – May be included in construction contract, may be email.
7. Change orders (if applicable)
8. Copy of contractor waiver of liens (may be part of final inspection)
9. M/WBE Contractor Bid Solicitation Log (LPA may elect to use this as bid tabulation document)
10. Affirmation of Income Payment Form and proof of email submission if applicable
11. Record of construction monitoring
12. Certificate of final inspection – may be C of O or another document sign off by participant, contractor, and inspector
13. After photos of completed repairs
14. Signed Declaration of Interest and proof of filing
15. Participants sign off on completed work (may be certificate of final inspection)
16. Invoices – contractor and LPA invoices as required for disbursement
17. Evidence of contractor disbursement – payment to contractor
