

New York State Low-Income Housing Tax Credit Program

NEW YORK STATE LOW-INCOME HOUSING TAX CREDIT PROGRAM (SLIHC): SLIHC provides a dollar-for-dollar reduction in certain New York State tax liability to the owners of qualified low-income housing projects that meet the requirements of Article 2-A of Public Housing Law and has also received an allocation under the criteria and procedures established in the SLIHC Regulation at 9 NYCRR Section 2040.14. SLIHC is like the federal Low-Income Housing Tax Credit (LIHTC) program except that the program may finance multifamily rental units serving households with incomes of up to 90% AMI.

Actual award amounts will be based on the demonstrated need for such funding and are subject to approval by the Commissioner of HCR. Applicants are strongly encouraged to apply for only the funding necessary for the financial feasibility of the project and to leverage funding from non-HCR sources.

Eligible Uses	New construction of, or the adaptive reuse of non-residential property to, affordable housing, or substantial rehabilitation or moderate rehabilitation of site-specific multifamily rental housing. Eligible costs are for site acquisition, hard costs, and related soft costs.
Area Median Income Restrictions	If coupled with LIHTC, at least 40% of units must be set-aside for households with incomes up to 90% AMI, or otherwise utilize one of the minimum set-asides cited in the 9% LIHTC term sheets. SLIHC may not be used to finance senior units (62+) serving households above 60% AMI.
Per Project Maximum Award	Up to \$750,000 for projects with at least 10% of project units targeted to households with an income limit at 30% AMI; otherwise up to \$500,000.
