

Historical Deregulation Rent and Income Thresholds

2 PAGES

Pursuant to the Housing Stability and Tenant Protection Act of 2019, all forms of deregulation, with the exception of 421-a (16) apartments, were repealed as of June 14, 2019. Prior to that date a vacant apartment with a legal rent that reached the deregulation rent threshold lawfully, could become deregulated and the incoming tenant could be charged a market rent. Occupied apartments, with tenants whose rent and income reached the deregulation thresholds, could be deregulated by order of the DHCR.
