Additions to: New York State Action Plan Incorporating Amendments 8-35

In sections: Proposed Allocation of Funds

Summary:

Action Plan Amendment 36 (APA 36) will address the following items:

- A. *Proposed Allocation of Funds:* Table and references to allocation amounts updated to reflect the reallocation of funds between programs.

Changes are indicated in **red** text.

A. Proposed Allocation of Funds

Description of changes: All updates associated with the APA 36 allocation of funds will be made to the tables at page 8 and page 57 of the State's Action Plan. Allocation amounts to reflect this reallocation will also be updated throughout the Action Plan wherever referenced.

The State has identified additional need in the Buyout and Acquisitions component of the NY Rising Housing Program due to actual and anticipated final costs as the Program approaches closeout. Funds are being reallocated from the Homeowner Recovery component of the NY Rising Housing Program, where the remaining allocation is expected to be sufficient to fund remaining costs related to closeout. The State has also identified additional need in its Local Government, Critical Infrastructure, and non-Federal Share Match program, related to actual and anticipated costs to complete a project. Funds are being reallocated from the NY Rising Community Reconstruction program, where the remaining allocation is expected to be sufficient to fund remaining costs for the Program.
